COLONIAL.

Special attention is called to the following collection of Colonial coins, which for extent and rarity has not been equalled by any lot yet offered at public sale in this city. To save constant repetition, it may be well to say in this place that the types and varieties mentioned are those described by Dr. Dickeson in his admirable work on American Coins. Amongst the Conn. coins, particularly, will be found specimens of nearly ALL THE RAREST VARIETIES—AuctoBi, AueIori, AuetoBE, Auetor, ConnFe, Inde IT Lib., Inde et LiR., &e., &c.; together with several samples which are, without doubt, PERFECTLY UNIQUE.

270	1620	Copy in brass of the rare Somers Island coin, of which only three specimens are known. Capt. Smith says: "They had for a time a certain kind of brass money with a hogge on one side, in memory of the abundance of hogges," &c.	1
